Re : Discount in wharfage for handling of the cargo at anchorages

Dear Sir,

The Traffic Manager of the Kolkata Port Trust has informed that with a view to encourage increased handling of dry bulk cargo like **Coal** and **Limestone**, discount in wharfage for handling of the cargo at anchorages has been approved by the Board of Trustees. The salient points of the discount scheme are as follows :-

1. Rs.26.95 per MT (50% of Rs.53.89) will be charged as wharfage for the entire cargo handled at anchorage provided the importer achieves Minimum Guaranteed Tonnage (MGT) of 0.5 Million tons of Coal and Limestone together.
2. No discount will be offered for handling of the cargo at the docks.
3. Only achieving MGT of 0.5 Million Ton per year would entitle the importer to claim discount as indicated in (1) above and the importer will get refund of the discounted amount.
4. Such discount will be for two financial years, 2018 – 19 and 2019 – 20. For the current year (2018-19), proportionate MGT will apply.
5. The MGT period would come in to effect from 18.09.2018.

This is for your kind information.

Thanking you,

Yours faithfully,

(M. C. Das)

Dy. Director General
